Donald J. Trump @realDonaldTrump 2h

Mini Mike Bloomberg, after making a total fool of himself as he got badly beaten up by Pocahontas and the Democrats in the Primaries, is at it again. He tried to buy an Election and went away with a major case of Depression. Now he's throwing money at the Dems, looking for a job!

43 law enforcement officers killed so far in 2020, up ~43 percent from the same period in 2019.

8 officers shot in the front of the head.

2 in the back of the head.

8 shot at basically point blank range.

@speakerPelosi refuses to stand with law enforcement. Why is that?

With or without fans in the stadium. ?
D's are afraid of the plethora of signs that will show support for our president. It's overwhelming.
Look at the boat parades, car parades, the long lines of Americans waiting to see the commander in chief in person.

I predict this November Dems will push for a "voting option" of mail in voting or in person voting. Now the caveat here is, in person voting will be made nearly impossible meant to prevent in person voting, forcing a mail in vote but claim people had a choice. Watch and see!

In The Communist Manifesto, Marx called for a revolt against Capitialism. Throughout CV-19, the lifeblood of Capitalism (work) was brutalized by unnecessary lockdowns & business closures. This Plandemic by design is meant to fundamentally alter the US, forcing us into reliance.

BLM & ANTIFA are pushing for a political and economic ideology that calls for a classless, government-controlled society. The deception is "redistribution of wealth" but what's not understood is that translates to society being poor/reliant, regardless of how hard u work.

I'm eagerly waiting for Trump's landslide win! Trump will be re-elected but hope Trump stays vigilant to ensure no rigging!

In 2016, Trump won both popular & electoral but started celebrating too early allowing rigging of popular! Stay vigilant till the end. You got this! ✅💯

My full statement:

McConnell Statement on the Passing of Justice Ruth Bader Ginsburg

WASHINGTON, D.C. – U.S. Senate Majority Leader Mitch McConnell made the following statement on the passing of U.S. Supreme Court Justice Ruth Bader Ginsburg.

The Senate and the nation mourn the sudden passing of Justice Ruth Bader Ginsburg and the conclusion of her extraordinary American life.

Justice Ginsburg overcame one personal challenge and professional barrier after another. She climbed from a modest Brooklyn upbringing to a seat on our nation's highest court and into the pages of American history. Justice Ginsburg was thoroughly dedicated to the legal profession and to her 27 years of service on the Supreme Court. Her intelligence and determination earned her respect and admiration throughout the legal world, and indeed throughout the entire nation, which now grieves alongside her family, friends, and colleagues.

***

In the last midterm election before Justice Scalia's death in 2016, Americans elected a Republican Senate majority because we pledged to check and balance the last days of a lame-duck president's second term. We kept our promise. Since the 1880s, no Senate has confirmed an opposite-party president's Supreme Court nominee in a presidential election year.

By contrast, Americans reelected our majority in 2016 and expanded it in 2018 because we pledged to work with President Trump and support his agenda, particularly his outstanding appointments to the federal judiciary. Once again, we will keep our promise.

President Trump's nominee will receive a vote on the floor of the United States Senate.

Statement from the President on the Passing of Supreme Court Associate Justice Ruth Bader Ginsburg

Statement from the President on the Passing of Supreme Court Associate Justice Ruth Bader Ginsburg

Today, our Nation mourns the loss of a titan of the law. Justice Ruth Bader Ginsburg served more than 27 years as an Associate Justice of the Supreme Court of the United States—notably just the second woman to be appointed to the Court. She was a loving wife to her late husband, Martin, and a dedicated mother to her two children.

Renowned for her brilliant mind and her powerful dissents at the Supreme Court, Justice Ginsburg demonstrated that one can disagree without being disagreeable toward one's colleagues or different points of view. Her opinions, including well-known decisions regarding the legal equality of women and the disabled, have inspired all Americans, and generations of great legal minds.

A fighter to the end, Justice Ginsburg battled cancer, and other very long odds, throughout her remarkable life. Our thoughts and prayers are with the Ginsburg family and their loved ones during this difficult time. May her memory be a great and magnificent blessing to the world.

Any Republican that refuses to put a new Justice in place before a highly contested election is an enemy to the Republic for which it stands.

They also now stand with Hillary Clinton. Those are the facts.

I'll say it again, Cuomo has handled this better than any Governor in America..

He's praising Trump right now and they are working together to help this nation.

It's nice to see bipartisanship working, unlike the negative racial divide in a pandemic like the media is spreading!

You don't have to agree with Cuomo's Policies, and I don't.

But unlike others on the right or left, I actually have the balls to give credit when it's due.

Of course not, wait until you get to spring that beauty on your kids next month..

Honestly, this could be more important than a second term, and if somehow he loses and didn't get this done it would be terrible!

Democrats are united in fighting to honor Ruth Bader Ginsburg's last wish

So they're guilty because they don't want these "peaceful protesters" to burn down the city..

This is liberal logic..

Israel McCullough (he/him) @IsraelMC01
LMPD got orders from the city of Louisville to put fencing on streets surrounding Injustice Square in advance of the Breonna Taylor verdict this week. LMPD is part of the whole damn system who's painting protesters as EVIL. Thats so guilty as hell.

So they're guilty because they don't want these "peaceful protesters" to burn down the city..

This is liberal logic..

Israel McCullough (he/him) @IsraelMC01
LMPD got orders from the city of Louisville to put fencing on streets surrounding Injustice Square in advance of the Breonna Taylor verdict this week. LMPD is part of the whole damn system who's painting protesters as EVIL. Thats so guilty as hell.

There you have it... The CDC just said they advise against Trick or Treating... Now wait for liberals & RINOs in City Councils across America to make unconstitutional mandates & to set up patrols to keep you from doing it..

I truly don't care what the CDC says

The ONLY way to stop this ridiculous tyranny, is

IF #WeThePeople reject the fear, and RESUME normal life!

Take off the masks people. It's mandates, not law

They can't enforce it.

There you have it... The CDC just said they advise against Trick or Treating... Now wait for liberals & RINOs in City Councils across America to make unconstitutional mandates & to set up patrols to keep you from doing it..

If you vote for Joe Biden you approve of this tyranny!

I truly don't care what the CDC says

The ONLY way to stop this ridiculous tyranny, is

IF #WeThePeople reject the fear, and RESUME normal life!

Take off the masks people. It's mandates, not law

They can't enforce it.

NEW: Colorado GOP Sen. Cory Gardner announces he will vote to confirm Pres. Trump's Supreme Court nominee.

"When a President exercises constitutional authority to nominate a judge for the Supreme Court vacancy, the Senate must decide how to best fulfill its constitutional duty of advice and consent. ***I have and will continue to support judicial nominees who will protect our Constitution, not legislate from the bench, and uphold the law.*** *Should a qualified nominee who meets this criteria be put forward, I will vote to confirm."*

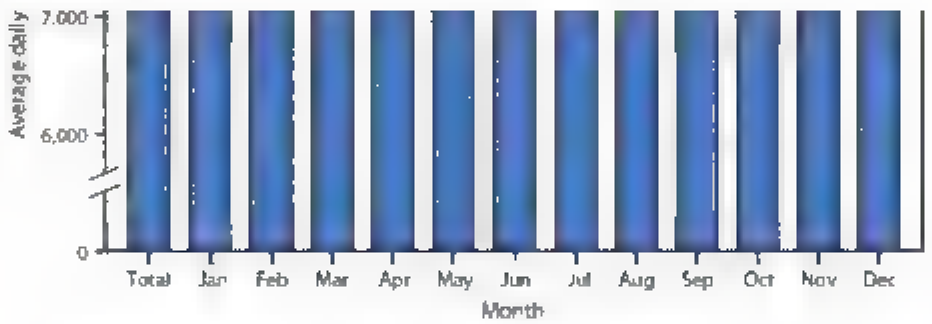
The average is 7,708. It depends on the season. Winters are higher. I looked way back when it all started because I was sick of hearing it. I wanted the daily count. Because it was omitted in their reporting.



* Deaths include U.S. residents only.

In 2017, an average of 7,708 deaths occurred each day. January, February, and December were the months with the highest average daily

We tried several times to get McCain recalled, unfortunately no one cared, especially in the Tucson area. Now that the political demographics in Phoenix have changed dramatically, who knows? Phoenix is a shytehole.

NEW: Colorado GOP Sen. Cory Gardner announces he will vote to confirm Pres Trump's Supreme Court nominee.

> "When a President exercises constitutional authority to nominate a judge for the Supreme Court vacancy, the Senate must decide how to best fulfill its constitutional duty of advice and consent. **I have and will continue to support judicial nominees who will protect our Constitution, not legislate from the bench, and uphold the law.** Should a qualified nominee who meets this criteria be put forward, I will vote to confirm."

It is imperative that we get to the bottom of this. Either justice is served (which means many leftist traitors going to jail), or justice itself is destroyed.

The people from Fox News to CNN are losing their minds.. The President & the GOP have enough votes to get a New SCOTUS before the election.

It's nice to see liberals squirm for a change, normally they wield all of the power with the media & the elites. Shoes's on the other foot!

There you have it. The CDC just said they advise against Trick or Treating... Now wait for liberals & RINOs in City Councils across America to make unconstitutional mandates & to set up patrols to keep you from doing it.

Rights based off someone's level of being offended is absurd. A black person could walk up wearing a Klan robe, toothpick in mouth & talking about how I bang my sister, I wouldn't get offended b-cuz it doesn't apply & im not dramatic. I would just think that person is an idiot.

Most of the time, if you accuse a guilty man of the crime he committed, he gets offended & has a dramatic response and blames someone else.

This pretty much sums up the entire Democratic Party about virtually everything.

The Democrats despise and wish to abolish the Constitution of the United States. When you cast your vote (or all 10 of them if done via mail) realize what you are voting for.

Feelings need to be cast aside & the future of the US needs to take top priority. Trump 2020!

Defunding the police means letting the police fight CRIME, and NOT deal with incidents that stem from MENTAL ILLNESS, or HOMELESSNESS for which they have no formal training. Take some funding to hire experts to respond to those cases (which will protect those

Many do little more than talk because of fear. We have work, bills, family etc.. the other side has welfare & time. Individually, we can be smothered by a crowd or litigation. If the silent majority rises & together stop tyranny, they can't attack us the same as when divided. 🇺🇸

Chairman @LindseyGrahamSC to Committee Democrats: "After the Treatment of Justice Kavanaugh I Now Have a Different View of the Judicial-Confirmation Process"

judiciary.senate.gov/press/rep/rele …

COMMITTEE ON THE JUDICIARY
WASHINGTON, DC 20510

September 21, 2020

Dear Senators Feinstein, Leahy, Durbin, Whitehouse, Klobuchar, Coons, Blumenthal, Hirono, Booker, and Harris,

Like millions of Americans, I was shocked and saddened to hear of Justice Ginsburg's death. Justice Ginsburg served honorably on the federal bench and was a trailblazer for women in the law. She will be missed.

When the American people elected a Republican Senate majority in 2014, Americans did so because we committed to checking and balancing the end of President Obama's lame duck presidency. We did so. We followed the precedent that the Senate has followed for 140 years: since the 1880s, no Senate has confirmed an opposite-party president's Supreme Court nominee during an election year.

Because our Senate majority committed to confirming President Trump's excellent judicial nominees—and particularly because we committed to supporting his Supreme Court nominees—the American people expanded the Republican majority in 2018. We should honor that mandate. Also unlike in 2016, President Trump is currently standing for reelection; the people will have a say in his choices.

Lastly, after the treatment of Justice Kavanaugh I now have a different view of the judicial confirmation process. Compare the treatment of Robert Bork, Clarence Thomas, Samuel Alito, and Brett Kavanaugh to that of Ruth Bader Ginsburg, Sonia Sotomayor, and Elena Kagan, and it's clear that there already is one set of rules for a Republican president and one set of rules for a Democrat president.

I therefore think it's important that we proceed expeditiously to process any nomination made by President Trump to fill this vacancy. I am certain if the shoe were on the other foot, you would do the same.

Sincerely,

Lindsey O. Graham
Chairman

Cases like the Atlanta police shooting, are similar to volcanoes waiting to erupt. When due process & case law is used to measure actions & police are likely acquitted, violence will be reignited. They way today's pop responds to that with they don't agree with is destructive.

It's almost as though a calculated war against the elderly is underway. Putting COVID patients in nursing homes was a monstrosity. And, COVID affects elders the most. Many are infirmed and often have the most pre-existing conditions & of course, Alzheimer's. So sad.

e. Conclusion

The records acquired by the Committees show that Hunter Biden and his family were involved in a vast financial network that connected them to foreign nationals and foreign governments across the globe. Hunter Biden and Archer, in particular, formed significant and consistent financial relationships with the corrupt oligarch Mykola Zlochevsky during their time working for Burisma and their firms made millions of dollars from that association while Joe Biden was vice president and the public face of the Obama administration's Ukraine policy. Rosemont Seneca Thornton, an investment firm co-founded by Hunter Biden, received $3.5 million in a wire transfer from Elena Baturina, who allegedly received illegal construction contracts from her husband, the former mayor of Moscow. Moreover, Archer's apparent receipt of money for a car from Kenges Rakishev of Kazakhstan while Vice President Biden was in Kyiv is especially concerning in light of the timing. And finally, Biden and Archer's work with Chinese nationals connected to the Communist regime illustrate the deep financial connections that accelerated while his father was vice president and continued after he left office.

Biden and Archer found willing partners in Chinese nationals connected to the Communist regime. Their work in China began at least in 2009, with the creation of Rosemont

If coronavirus is airborne and we all wear masks. Then why is it allowed for people to take them off to smoke cancer sticks and blow their second hand cancer and all their coronavirus is the air

I don't think this was about masks working or not. It was about masks being pointless because people take them off to talk, drink, smoke etc, defeating the intended purpose of them entirely lol

Plenty of things are airborne, but we "mysteriously" never mask for them. With all the hurricanes and a certain group of people going around destroying things have impacted more people directly than COVID ever will.

I just had someone send me the video of Eric Church's performance at the ACM awards, watched the performance which was supposed to be a tribute to Johnny Cash

Was this a Pro BLM Performance?

I quit listening to Church after he took shots at the NRA after the Vegas Shooting.

Where is Martin Luther King Jr today... We need leaders like this again in America, who got reform and things done with true leadership through Christ.

The fact that every time something goes wrong, the answer for this new generation is to burn, pillage, it's really disgusting.

hey matt, in the indictment, it has witness testimony that corroborates the claim that they did knock AND identify themselves

also, per the indictment, it WAS a "no knock" warrant but they chose to knock and identify anyway

Is 120% enough approval? I think we can do better than that. 120% approval is for losers and suckers. The Donald NEEDS more than a measly 120% approval, let's bump it up another 10% or 20% as a start.

For the dumbasses trying to say it wasn't a no knock warrant. It absolutely was.

They tried knocking because they believed she was home alone. When no one answered after minutes of knocking, because they had the no knock warrant, they entered the home

I've always been in that mindset that God will meet you half way. He's not going to do all of the work for you. Yes, prayer is needed and powerful. But you can't just do nothing, pray, and hope it works out for the best. God wants us to fight for what's right, hence Free Will!

For the dumbasses trying to say it wasn't a no knock warrant. It absolutely was.

They tried knocking because they believed she was home alone. When no one answered after minutes of knocking, because they had the no knock warrant, they entered the home.

Facts Matter

Matt, if serving a warrant and no one answers police have the authority to go in, right? They don't have to walk away, do they?

That's depending on the city and state. Because the city I used to live in can enter at any time with a warrant. No knock or not

This is an honest answer. Rioting is guaranteed if Trump wins, and we know the voting process is being designed to make the outcome non-reliable. In other words, the PLAN is for violence. Thanks, AI.

For the dumbasses trying to say it wasn't a no knock warrant. It absolutely was.

They tried knocking because they believed she was home alone. When no one answered after minutes of knocking, because they had the no knock warrant, they entered the home.

I'm not mad at anything. I'm just stating the facts that this is an absolute sh*t show, and the prosecutor got it wrong. They were looking for a dude who hadn't been there in two years, and the guy who shot back wasn't a criminal, period. It's a hell of a mess.

I'm praying for the police officers shot in Kentucky last night.

I am sick and tired of hearing stories like this.

Violence is not the answer.

It was a No Knock Warrant... The current boyfriend wasn't even on the warrant, the warrant was for a Past Boyfriend. The New Boyfriend had been with her for 2/3 years.

For the dumbasses trying to say it wasn't a no knock warrant. It absolutely was.

They tried knocking because they believed she was home alone. When no one answered after minutes of knocking, because they had the no knock warrant, they entered the home

What are the Dept policies on
Use of Force
Training requirements
Body Worn Cameras
Defensive Tactics

It looked like Ofc Smith was wearing a BWC Mount but no camera. I doubt their training is up to date & I'm told the city doesn't have a mask policy.

I've called the department and was told the city doesn't have a masks policy. I've also requested to have some of the departments use of force policies and body worn camera policies. I don't believe they are up to date on their training or policies.

I'm sorry, this just reeks of "I lost Kobe's pay check and I'm looking for another one." How few 100's of million of dollars does she have that she thinks this is a good idea? Is financially ruining the pilot's or sheriff's families worth it? I'm disgusted.

"I've known Jeff for 15 years. Terrific guy," Trump said of Jeffery Epstein. "He's a lot of fun to be with. It's even said that he likes beautiful women as much as I do, and many of them are on the younger side. No doubt about it — Jeffrey enjoys his social life."

The officers should all refuse to police this! Ya I know it's insubordination, but this is fucking unconstitutional & out of control. The governors & Mayors will not stop unless they all refuse.

Lock the governors up... they swore an oath to protect the people and the constitution. Time for serious jail sentences for all the lives, businesses and property that have been destroyed because of them.

The silver lining is, this woman very likely has an excellent lawsuit coming up where she's going to clean the clock of the police department for this WILDLY excessive abuse of power.

Also, when will the riots, looting, burning, etc. start up for this bit of police abuse? 🤔

Prior to an officer using force and officer had to consider:
Severity of the crime
If the person is an immediate threat
If they are trying to actively evade or escape arrest.

This is case law that is used to measure use of force. I doubt Off Smith is current on X26 training.

If you take vitamin D and get a lot of sunlight you create a negative feedback loop and will not absorb the vitamin D. Take D if you don't get much sun, and if you get lots of sun, don't take the vitamin.

WOW!

The FBI just released a statement that multiple military mail-in ballots were found thrown away in a ditch in Pennsylvania

ALL of them were for President Trump. This is true election interference and Democrats are okay with it

What are the Dept policies on:
Use of Force
Training requirements
Body Worn Cameras
Defensive Tactics

It looked like Ofc Smith was wearing a BWC Mount but no camera. I doubt their training is up to date & im told the city doesn't have a mask policy.

I've called the department and was told the city doesn't have a masks policy. I've also requested to have some of the departments use of force policies and body worn camera policies. I don't believe they are up to date on their training or policies.

The FINAL PILLAR of the America First Healthcare Plan ... better care! The historic action I took today includes the first-ever executive order to affirm it is the official policy of the United States Government to protect patients with pre-existing conditions.

He's the one who put pressure on the conferences to play, called Commissioners and Athletic Directors across the country. They wouldn't be playing without him pushing them. He put them on the spot, and thus fans/alumni did the same with his push.

The sliver lining is, this woman very likely has an excellent lawsuit coming up where she's going to clean the clock of the police department for this WILDLY excessive abuse of power.

Also, when will the riots, looting, burning, etc. start up for this bit of police abuse? 🤔

Rules clearly state only when social distancing not possible, she was not breaking any rule. She should sue the police dept, the athletic director requesting police involvement should be fired, and the person calling her out for not wearing a mask banned from football games.

I think this might be confusing for most. What I'm looking for is for people to actually go to TheDCPatriot.com and then click on the article, read it, and then share it to their Twitter/Facebook/Parler from there..

Hope this helps.. :)

How are people still voting blue in Nov? This is unbelievable and the fact that Dems speak so openly about this and not get in trouble is very alarming

BREAKING: FBI Agent On Mueller Teams Admits @RealDonaldTrump, Flynn, Investigations Were A Crock! Crossfire Hurricane was based on "supposition on supposition" and Mueller gang used Flynn prosecution to "get Trump"! Mueller team MISCONDUCT AND ABUSE described in new DOJ filing!

BARNETT had a cellular telephone issued by the SCO which he did not "wipe." BARNETT did hear other agents "comically" talk about wiping cellular telephones, but was not aware of anyone "wiping" their issued cellular telephones. BARNETT said one agent had a telephone previously issued to STRZOK.

BARNETT thought the TRUMP Campaign may have been aware the Russians were attempting to impact the election, but that was far different from the TRUMP Campaign and the Russians having a deal and/or working together "quid pro quo." BARNETT and others joked about how the investigation into collusion could be made into a game, which they referred to as "Collusion Clue." In the hypothetical game, investigators are able to choose any character conducting any activity, in any location, and pair this individual with another character and interpret it as evidence of collusion. With respect to FLYNN's [redacted] with the Russian Ambassador in December 2016, BARNETT did not believe FLYNN was being directed by TRUMP. BARNETT did not believe FLYNN had any additional information to provide to SCO. BARNETT believed the prosecution of FLYNN by SCO was used as a means to "get TRUMP."

Exactly this. Reading the @FoxNews story earlier re Barnett, immediately thought Dems believed having Flynn unresolved would be bad for Trump on 11/3, but now details that perhaps never would've been made public at this point, now expose the corruption of the Dems even more.

> **Mollie** @MZHemingway
> Judge Sullivan and the DC Court of Appeals are turning out to be the unintentional heroes of the Flynn saga. In their unseemly quest to destroy Flynn, they refused to let DOJ drop case, and now we're getting some of the most explosive documents about Special Counsel probe yet

Because the Deep State wants military spending and tensions with Russia. They want more proxy wars and a renewed Cold War. It drives their funding, it makes their careers, it gets them board seats on defense contractors.

Exactly this. Reading the @FoxNews story earlier re Barnett, I immediately thought: Dems believed having Flynn unresolved would be bad for Trump on 11/3, but now details that perhaps never would've been made public at this point, now expose the corruption of the Dems even more

One of the worst polls in 2016 was the @FoxNews Poll. They were so ridiculously wrong. Fox said they were going to change pollsters, but they didn't. They totally over sample Democrats to a point that a child could see what is going on. Rasmussen, which was accurate, at 52%

Great. Maybe another strongly-worded report will be issued, some more memes about "The Storm" will be made, and Townhall.com will run a few editorials.

None of this means shit until people start getting indicted, and if it hasn't happened by now, it ain't gonna.

The ultra-conservatives brazenly told us that there would be a permanent Republican Party in charge. That's not democracy. That's a plot decades old even then — to overthrow US democracy. If we are to restore our democracy and make it work for ALL of us, we can't be complacent.

I attended a playoff game only to watch him kneel after. The stadium was almost empty before Tebow returned to the field and I was blessed to witness him giving Glory to God.

What are the real reasons that the Pac 12 and Big Ten are playing College Football...

#1 President Trump put pressure on them and made them look like fools..

#2 Ohio State and Nebraska players, alumni, fans, schools went off about the insanity.

"Judge Amy Coney Barrett will make an excellent Supreme Court justice. From her clerkship for the late Justice Antonin Scalia, prestigious career at Notre Dame and judicial experience on the 7th U.S. Circuit Court of Appeals, Judge Barrett's commitment to the rule of law is clear. She is a sound jurist whose years of legal service will bring much-needed diversity to the Supreme Court. President Trump has made a wise choice."

From her clerkship for the late Justice Antonin Scalia, prestigious career at Notre Dame and judicial experience on the 7th U.S. Circuit Court of Appeals, Judge Barrett's commitment to the rule of law is clear. She is a sound jurist whose years of legal service will bring much-needed diversity to the Supreme Court. President Trump has made a wise choice."

This is a fairly ironic take since Congress wrote the Obamacare bill.

The job of the Supreme Court is not to write the law but to determine whether those written by Congress are constitutional.

Is Joe afraid that Obamacare is unconstitutional?

The police have done a lot to destroy what used to be my solid support for them through this and far too many other examples of egregious abuse and un-professionalism. I sympathize with them (I'd strike or quit if I were LE in a D-run area frankly) but this shit must stop, FFS.

I did read the article. It's a direct criticism of the officer and his department's policies.

My criticism is directly based upon that and the behavior of other officers. I no longer reflexively "back the blue" because I'm tired as hell of these kinds of actions.

What person from Alabama would seriously think that Doug Jones represents Alabama more than Tommy Tuberville...

Good Lord... I just saw one of the most horrific lying commercials ever during an SEC Football game that's not even between any teams from Alabama by Doug Jones Team.

It wasn't a smear. Every allegation against Kavanaugh, from rape to perjury, was true. And he WILL be impeached and removed from the Supreme Court next year — if he doesn't resign upon indictment first.

The police have done a lot to destroy what used to be my solid support for them through this and far too many other examples of egregious abuse and un-professionalism. I sympathize with them (I'd strike or quit if I were LE in a D-run area frankly) but this shit must stop, FFS.

This sleazy Supreme Court double-dealing is the last gasp of a corrupt Republican leadership, numb to its own hypocrisy. The last gasp of a billionaire-fueled party that's undemocratically over-represented and desperately clinging to power in order to impose its extremist agenda.

Given Judge Barrett's intellect, strong legal credentials, and impeccable character, I was proud to support her confirmation to the 7th Circuit Court of Appeals in 2017. These same attributes will serve her well on the nation's highest court.

As a working mother with young children, Judge Barrett would also bring to the Supreme Court a background that will add to its diversity.

Senator Pat Toomey @SenToomey 10h

Importantly, Judge Barrett has shown an unfailing commitment to the proper role of a judge – which is to apply the law, including the U.S. Constitution, as written, and not to decide cases based on a preferred policy or outcome.
